TO WHOM IT MAY CONCERN

Dear Sir / Madam

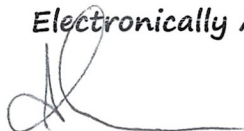

**Re: Miss Marie Brown DOB: 18 Sep 1975
34 Groveland Road, Tipton, DY4 7TN
NHS No: 608 276 5451**

The above patient has a diagnosis of emotionally unstable personality disorder and as a result has recurrent bouts of significant anxiety and depression. She needs constant prompting with daily activities such as preparing food and taking regular medication. She is under the care of the Community Mental Health Team and has an allocated Community Psychiatric Nurse and Consultant Psychiatrist who regularly review her condition.

She reports that she is currently having issues with a neighbour, who is harassing her and this has adversely affected her mental health. Her medication has recently been altered to try and alleviate her stress related symptoms. She also receives support from ourselves and a Community Support Worker

Yours faithfully,

Electronically Authorised

Dr A Beveridge
